For high school students, please note their proficient level. Circle one:

1st Yr. (proficient) 2nd Yr (advanced) 3rd Yr. (advanced) 4th Yr. (advanced)

(The "advanced " course should be the next *sequential* step (i.e. Drawing and Painting Intermediate/Advanced Drawing and Painting) in the particular Arts discipline and not the introductory level course in another visual arts content area(i.e. Beginning Ceramics, or Beginning Photo). A student taking Beginning Drawing and Painting and then Introduction to Photography would very likely be addressing the "proficient" standards in each artistic discipline. The advanced Standards are generally presented in second or third sequential course within a given discipline.)
